Dear Darren,

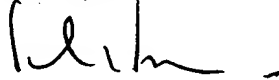

Re our patent application for "Thin Film Heating Element."

We have made repeated attempts to contact Mr. David Gehrig over this matter but unfortunately have not been able to contact him. We have also left several messages for him but he has not replied.

At this point in time I do not believe that we will be successful in obtaining his signature within the required time frame.

If there is any more that I can do for you in this matter please do not hesitate to ask.

Best regards,

Paul Le Vasseure
